- Occupancy %
- Available Desks
- Available Private Offices

Graphs

- Lead source analysis
- Lead conversion
- Sales funnel
- Revenue trend
- Occupancy trend
- Membership trend
- Renewal trend
- Salesperson performance
- Location-wise performance

3. Lead Management

This should be one of the core modules.

Lead Sources

- Website
- Google
- Facebook
- Instagram
- LinkedIn

- WhatsApp
- Phone
- Email
- Walk-in
- Referral

Lead Information

- Lead ID
- Name
- Company
- Designation
- Mobile
- Email
- Industry
- Company size
- Requirement
- Preferred location
- Number of seats
- Workspace type
- Budget
- Expected start date
- Lead source
- Assigned salesperson
- Lead priority
- Lead score
- Remarks

Lead Status

- New
- Contacted
- Qualified
- Requirement Received
- Site Visit Scheduled
- Site Visit Completed
- Proposal Sent
- Negotiation
- Won
- Lost
- On Hold
- Converted

4. Lead Capture

Website

Communication Integration

- Email

5. Lead Qualification

Qualification Parameters

- Number of employees
- Number of seats
- Workspace requirement
- Budget
- Start date
- Contract duration
- Business type
- Company registration status
- Existing office

6. Sales Pipeline

New → Contacted → Qualified → Site Visit → Proposal → Negotiation → Won/Lost

Each card can show:

- Company
- Contact person

- Required seats
- Budget
- Expected closing date
- Assigned executive
- Last activity
- Next follow-up

The reference similarly uses configurable leasing stages and pipeline conversion tracking.

7. Follow-Up Management

Activities

- Call
- Meeting
- Site visit
- Demo
- Proposal
- Follow-up
- Task
- Note

Follow-Up Features

- Next follow-up date
